BRAMBLES CHILDCARE CENTRE

Request for Grant

Purpose of Grant (please give details of what you want the money for)

We are developing our innovative outdoor area at Brambles and would like to purchase a quality 'jungle gym' for the children's use.

Amount of Grant Requested	£500
Date Grant Required	Summer 2015

Additional Supporting Information

At Brambles Childcare Centre we are very lucky to have a large innovative outdoor space for the children to access at all times. We make a point of being out in all weathers and allow the children as much outdoor time and exercise as possible. We are very keen to promote healthy living and have our own poly tunnel where the children are involved in planting fruit and vegetables which are then used in our homemade meals and snacks. We have asked the children what they would like in the outdoor area and they have suggested a new jungle gym climbing frame. This has been supported by parents and will encourage the children to exercise, develop co-ordination and grow in confidence.
Our recent summer fair raised over £500 profit which we would like to contribute to the new equipment but the total cost including correct installation will be over £1000. As a not for profit community organisation any donation from the Town Council would be greatly appreciated and would contribute towards making Brambles an attractive local choice for their childcare needs. With new housing developments in Amble we are keen to promote our fully flexible childcare options to new families .
