MEMORIAL MASON REGISTRATION SCHEME

You are reminded that in accordance with Amble West Cemetery rules, permission is given to erect a headstone or memorial of an approved type provided it is erected by a National Association of Memorial Masons (NAMM) or the British Register of Accredited Memorial Masons (BRAMM) registered member and also that insurance cover is obtained.

For our records we would appreciate it if you could send a copy of your certification to the above address as soon as possible.

Whilst we understand that Memorial Masons guarantee their work for a period of time, those who authorise the erection of a headstone or memorial are, in the future, still responsible for any work required to ensure the safety of it. Therefore due to the specialist work and the costs involved, we require the inclusion of insurance cover for a headstone or memorial to those who commission you. A copy of the insurance must be sent for our records.
