

Press Release

Amble Community Website

Amble Town Council have been working alongside Year 12 students at James Calvert Spence College to create a community website for Amble. We are delighted to announce that this website is now available to view at www.amblecommunityhub.co.uk

The idea of developing an information hub was to create a space where local community groups and organisations can advertise their events and contact details, in one place, for free. We have included details for many within Amble, but we know there are more of you out there! The success of this venture relies on people within the community providing us with information, so please do get in touch. We want it to be a 'one stop shop' for anyone living in or visiting our area to find out what is available here. If you wish for your group to be included on the website, free of charge, please contact admin@amble.gov.uk

We at Amble Town Council have very much enjoyed the opportunity to work with staff and students at the school and look forward to this continuing in the future. We thank all the students involved for their hard work and commitment to the project- it would not have been possible without you.

If you have any questions about the new website please contact the Council on 01665714695 or email admin@amble.gov.uk.
